COMMUNITY SCHOOL NEWS

Ann Chow's class from Langdale Elementary celebrate 10 years of attending Museum School

Parents are invited to participate in the Mindfulness Enhanced Strengthening Families Program offered by the Halfmoon Bay / Chatelech and Roberts Creek Community Schools and the Mind the Gap Project.

This is an evidence-based program that improves parenting practices and

is one of the most effective ways to support the qualities of "mindful parenting." The program is designed to help kids and parents deal with the stresses that go along with early adolescence. We would like to offer this free program to parents /guardians with dependents between the ages of 11-14. Childcare is available for younger siblings. By taking the survey below, this will determine if the program is wanted or needed and when we could offer it to you.

Please take a few minutes to answer the survey questions and help us choose a time for the program that will work for most families. <https://www.surveymonkey.com/r/9XBV3VLFamilyProgram>

Instruction

The early years of a child's life are critical for setting the stage for success in later life. Parents of children newborn to five years old can attend a new SPARK! class every Fall, Winter and Spring until their child enters Kindergarten. Classes are FREE and focus on the latest research and ways that parents can support their child's learning at home. Classes are held in a variety of locations and at a variety of times. Early registration is essential to allow time for materials to arrive.

Attend SPARK! and register your child to receive one age-appropriate, quality children's book in the mail every month FREE of charge. Join the hundreds of Sunshine Coast children who are currently signed up!

PARENT ENGAGEMENT COMMITTEE

Committee members: Patrick Bocking, Sarah Bradley, Cindy MacInnes, Allyson Fawcus, Christa Rive, Tamara Forsyth, Jane Ostashek, David Barnum (chair).

The evidence is clear. Parents make a difference. And the way they contribute most to their children's education is through what they do at home. Being a parent can be challenging, but the good news is that you don't have to be "volunteer of the year" or an expert on the way of 1812 to help your child succeed at school.
