2. emergency protocol with the school
  3. accountability for equipment, uniforms, finances
  4. competition schedules and deadlines
  5. practice times, policies and access
  6. school and/or district travel policies and insurance requirements
  7. at the high school level the BCSS Coach's Code of Conduct and procedures
  8. at the high school level, the BCSS Competitive Rules and Regulations
  9. the decision-making process and jurisdictional boundaries of the school, school district, and at the high school level, the athletic association, sport commission and BCSS
  10. required paperwork for team and student-athlete registration and entry into events

B. The School Principal shall request and check at least two (2) references for each Community Coach candidate. Reference checks should include questions about previous conduct, suspensions or probationary penalties served, technical skill and ability, age group and/or gender previously coached and degree of commitment and interest. Further, a school representative shall be at all sporting events for elementary-aged students

C. Community Coaches must undertake a Criminal Records check prior to working with any students.

D. At the high school level, BCSS Supervision Policies (A3.1) does not require that a Teacher-Sponsor be present with adults who have been approved by the School Principal. It is therefore strongly recommended that periodic observations of the Community Coach at practice and in competition be conducted by the Principal. Community Coaches at the elementary level must be supervised by district staff and follow the philosophy and mission statement as laid out in the Elementary School Sport Manual. At the elementary level, sports are to be developmental and the spirit of competition comes second to the spirit of fair play and good sportspersonship.
