Greetings, Betty,

Have finally been able to get a few clear breaths! Hopefully a sign that the bend in the road is here for me and this horrible cold.

Here are a few thoughts for today's meeting :strategic plan and communications.

-Strategic Plan and Communications Plan linked. 5 year and yearly calendar year map. Not unlike Budgetary Plan process.

-Every goal needs a start with a finish date that allows for evaluation at least once during and at the end of the job. Allows for modifications if needed, discussion of what worked - what didn't

-The new 4 year term makes at least one, and maybe two, Forums possible wherein questions are salient and evaluation of data is useful for district planning.

-Schedule gatherings with our in-house partner groups, eg: PVPA, BCTF, CUPE, Excluded Staff, Community Schools etc.

- Dito outside partnership groups: SCCS, CAP U, Etc.

-Get our SD46 website redesigned with lots of user consultation. Afterwards, page change and maintenance would be easier.

- School newsletters and PAC Newsletters should be on school website ASAP. An Email address, especially for PACS at the school would be a good thing.

-Consider a District calendar and encourage good use of it, eg, not scheduling 2 and 3 different school events on the same day, Xmas Concerts, for instance.

- Trustee Younghusband's recent BCPSEA report was eye opening - for instance, why haven't we gone over the new local contracts? Are we going to be consulted before the next round of negotiations?

I understand Communications will be on future CotW meetings, I will bring more discussion points then.

Wishing you all a productive day.
