

ADMINISTRATIVE REGULATIONS

TITLE: SWIMMING
CATEGORY: EDUCATION
NUMBER: 1350

CIRCULATING UNTIL JANUARY 11, 2023

I. Rationale:

Opportunities for students to learn outside the school enrich and deepen access to the curriculum including the development of Core Competencies. Ensuring that these activities take place safely and in an educationally sound way supports excellence in education. Swimming is a life skill that can be incorporated into extended experiences. Due to our proximity to bodies of water that can be accessed easily as part of the learning experience we must ensure there are specific guidelines as swimming is a high-risk activity.

- II. At all swimming activities a currently certified and insured NL (National Lifeguard) shall be on duty.

Swimming Location	Maximum # Students in Water at one time	Lifeguard Qualifications
Oceanfront/Lakefront	15	1 NL (Surf or Waterfront Options)
	16-40	2 NL OR 1 NL AND 1 Bronze Medallion/Bronze Cross

Note: Larger, more complex waterfront facilities may require more lifeguards. Factors affecting the numbers of lifeguards include (but are not limited to): length of shoreline, bather load, concentration of swimmers, age and make up of swimming patrons, potential dangers such as drop-offs, geographical features (such as curves or bends in the shore affecting the lifeguard's view), water and weather conditions, experience and training of lifeguards, ratio of assistant lifeguards to lifeguards, type of patron activity engaged in, width of swimming area. It is important that the lifeguards take the specific circumstances of the site and situation into consideration and adapt accordingly.
