

ADMINISTRATIVE REGULATIONS

TITLE: HEALTH AND SAFETY
CATEGORY: HEALTH AND SAFETY
NUMBER: 3120

- I. Students and employees are expected to follow safe work procedures and to participate actively in creating a healthy and safe working/learning environment.
- II. Principals and other supervisors shall provide appropriate health and safety training programs for all staff and students.
- III. All employees will follow the regulations and guidelines in the district Occupational Health and Safety Program Manual and the Critical Incident/Emergency Response Manual.
- IV. The contracted school bus companies shall ensure that their school bus drivers are aware that they will assume responsibility for all students under their jurisdiction.
- V. If an individual has a concern regarding a health and/or safety matter, the concern should be brought first to the site-based Health and Safety Committee. If the matter cannot be resolved at this level, the concern may be brought to the Personnel Manager/Secretary-Treasurer.

Received: January 1996
