

# Family Account

SpacesEDU is a digital portfolio that captures your student's learning journey and school experience. Join the adventure by activating your Family Account to view and comment upon your student's work.

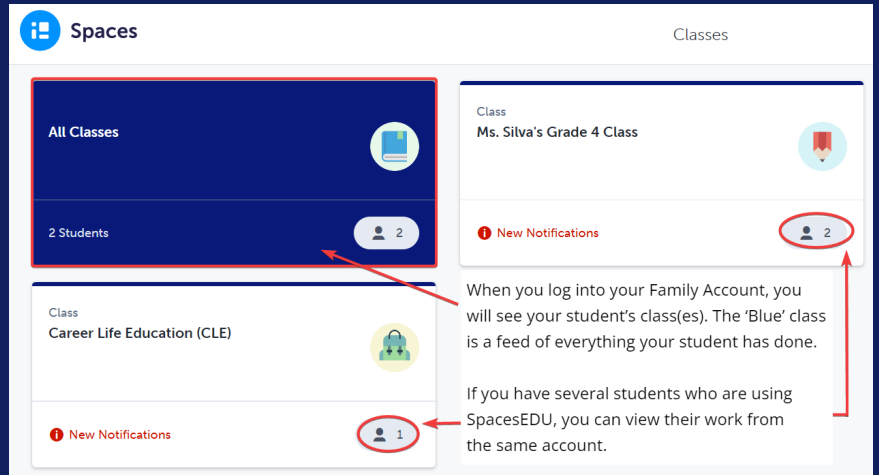

## Join SpacesEDU

- Your student's teacher will invite you to join their SpacesEDU Class
- Keep an eye out for an email from [noreply@app.spacesedu.com](mailto:noreply@app.spacesedu.com)

## Customize your Account

- Accept new invites
- Access and edit your account information
- Edit your notification preferences (opt in or out of in-app and email notifications)

The screenshot shows the 'Spaces' app interface. On the left, there's a 'Classes' section with a blue header. Below it, a card for 'All Classes' shows '2 Students' with a red box around the student count icon. Below that, a card for 'Career Life Education (CLE)' shows '1' student with a red box around the student count icon. On the right, a 'Classes' section shows 'Ms. Silva's Grade 4 Class' with a red box around the '2' student count icon. Below this, there's a 'New Notifications' section with a red box around the '2' student count icon. Red arrows point from the text below to these red boxes.

When you log into your Family Account, you will see your student's class(es). The 'Blue' class is a feed of everything your student has done.

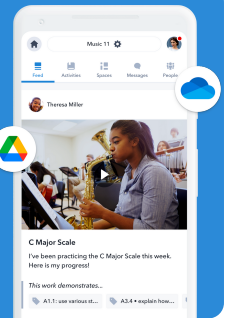

If you have several students who are using SpacesEDU, you can view their work from the same account.

### Personal and Social: Caring for the environment

In class today we planted trees. We need to plant trees because plants clean the air. There is a lot of pollution but trees help.  
I really like animals, and many animals live in trees and need trees for f...

**Ms. Silva • Teacher**

This was a lot of fun (even though it was raining!)  
What is one activity that you can do outside of school to help the environment?
