

FOOD PROGRAM SURVEY

School District 46 | Sunshine Coast

School District 46 and community partners seek to improve supports for all students by increasing the access to healthy food in schools throughout the district.

We are exploring a district-wide plan to address food security and healthy eating that will make food programs available to all of our schools so that no child goes hungry.

Research suggests that healthy eating can improve mental health, enhance cognitive skills like concentration and memory, and improve academic performance.

We recognize that successful school food programs need to be built with an interconnected and systems-wide approach. Our goal is to gather information from students, staff and families to inform our next steps. Your answers are important to us and we sincerely appreciate your feedback.

Please complete this 5-minute survey to share your feedback on School District 46 food programs. Your participation in this survey is entirely voluntary and anonymous.

Feedback from the survey will help inform a finalized implementation plan for a district wide food program.

Collection Notice: Your personal information will not be collected unless you choose to share your contact information at the end of the survey. If you have any questions about the survey, please email questions@sd46.bc.ca

Please do not include any personally identifiable information about yourself or others in your response.

The survey will be open from April 20th-May 4th, 2022
